CHANGE OF PUBLISHING OPTION FOR S/MIME CERTIFICATES

I would like to publish my S/MIME certificates from now on in the general directory of www.swissign.net (LDAP) respectively on directory.swissign.ch so that they can be seen by everyone, and everyone can communicate with me using encryption.

I do not wish to publish my S/MIME certificates any longer.

Please note, that TLS certificates are always published for regulatory reasons.

Please send the form to the following E-Mail: registration@swissign.com
